

Wastewater Treatment Plant

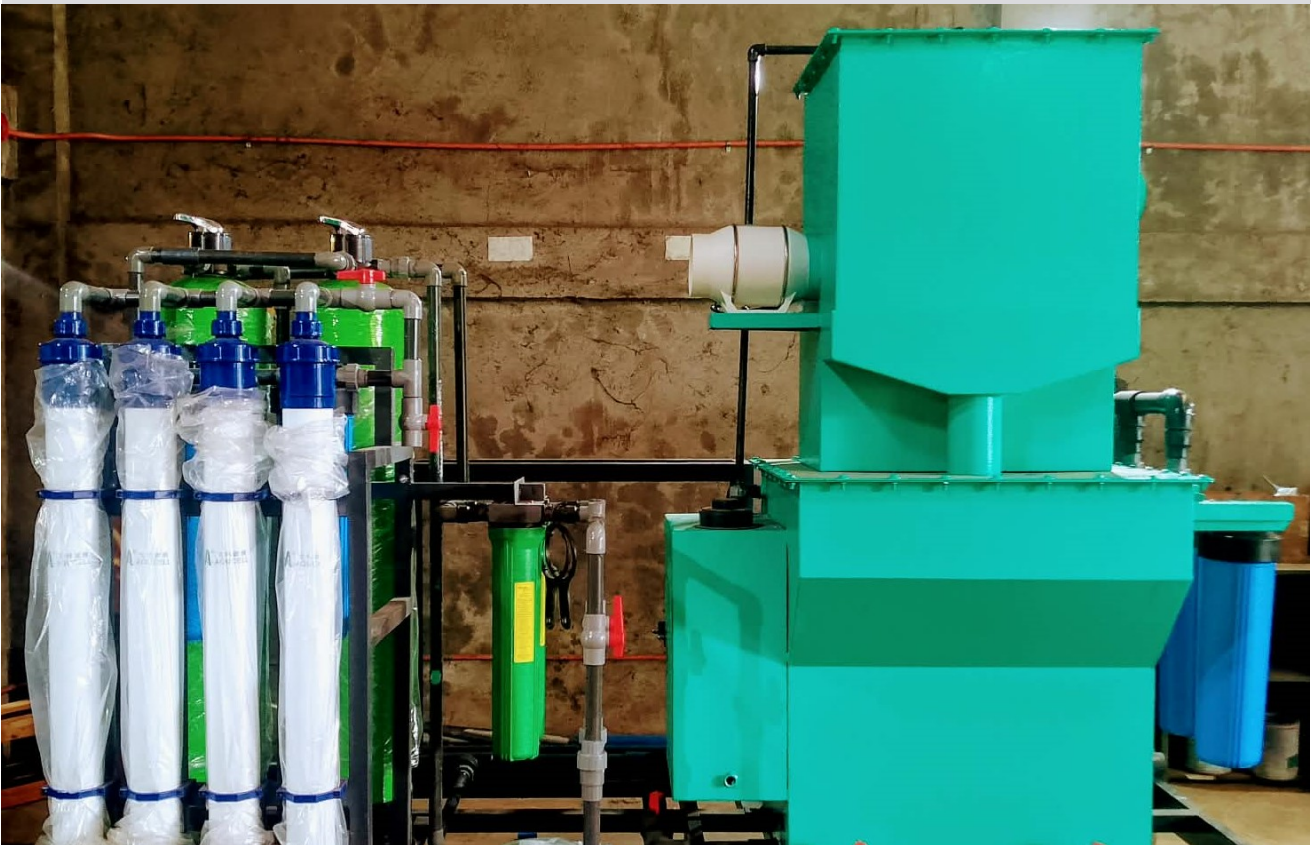

COMPANY PROFILE

About Us

With rising Water Pollution in the Philippines, **ULTRAFLOW INDUSTRIAL CORPORATION (UIC)** was established in 2016 and is based in Araneta Center, Cubao, Quezon City, Philippines. UIC provides sustainable modern solutions for Wastewater Treatment in the Philippines.

UIC with **WASTEWATER TREATMENT** as one of its illustrious domains, offers **Wastewater Treatment Facility Design** and Installation of innovative, cost-effective, sustainable **EQUIPMENT** for wastewater treatment such as **AOP** and **MEMBRANE Filtration Technologies**. UIC also operates its **ENGINEERING & SERVICE CENTER** that offers after-sales services and technical support for customers to ensure optimum performance and minimize breakdowns of STP Equipment.

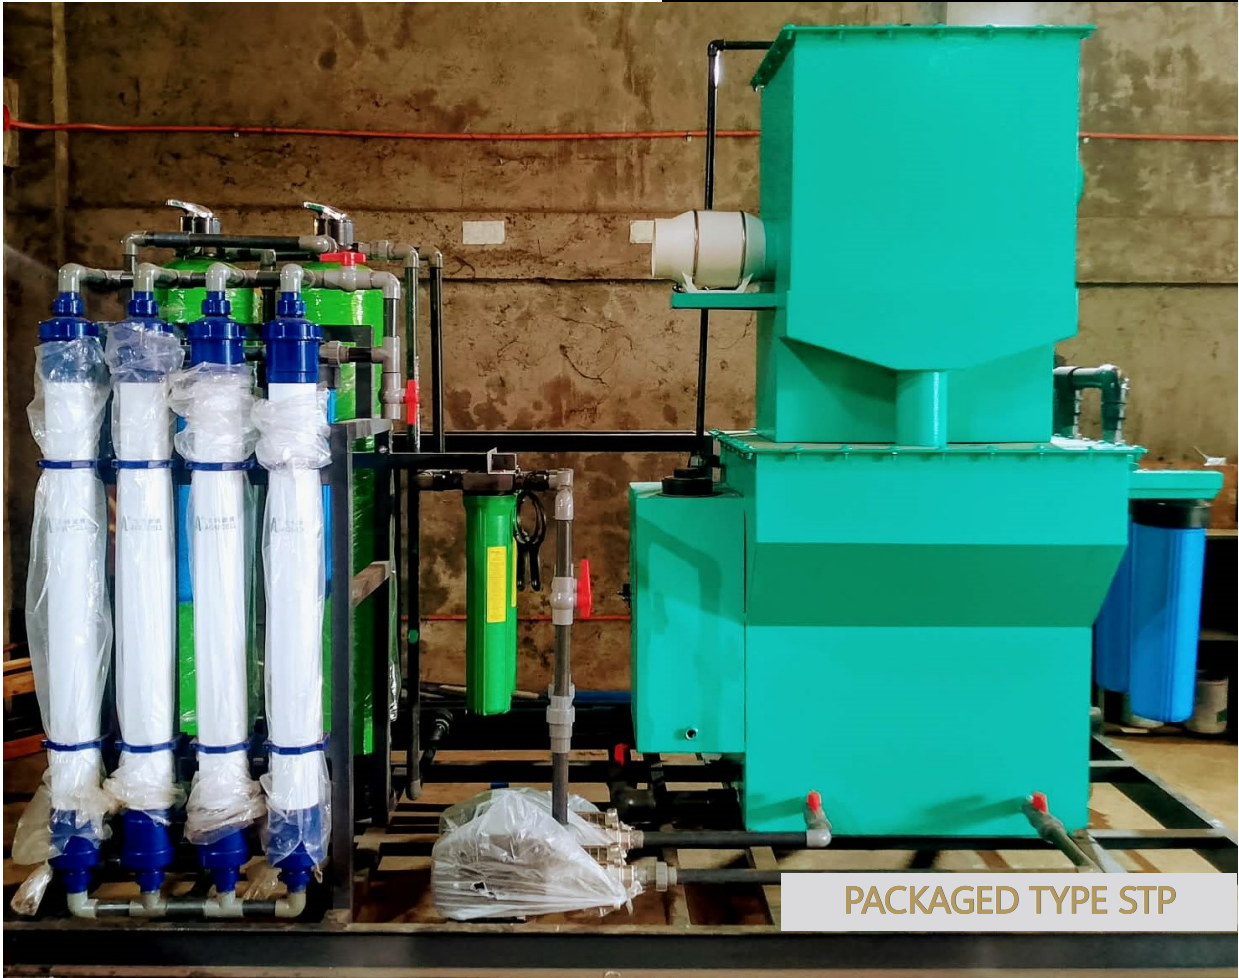

Products & Services

UIC offers products and services to satisfy your wastewater treatment needs:

- **DESIGN & BUILD OF WASTEWATER TREATMENT FACILITY**
- **REHABILITATION OR IMPROVEMENT OF WASTEWATER TREATMENT PLANT**
- **SUPPLY OF APPLICABLE EQUIPMENT FOR WASTEWATER TREATMENT**
- **SERVICE CENTER FOR PREVENTIVE MAINTENANCE, REPAIRS & SUPPLY OF PARTS & CONSUMABLES**

Specifications

STP SPECIFICATIONS

Product	Packaged Type STP—Standard Model Packaged Type STP—with ENCLOSURE
Capacity	Standard Model—up to 1000 cubic meters per day With Enclosure Model – up to 200 cubic meters per day
Technologies	HYBRID System – AOP (Electro-chemical), FOG Separation, Air-Stripping Process, Micro/Ultra-filtration, Advanced Membrane Separation Technology, Chlorination and UV Disinfection
Dimension	Smallest Capacity—1.5m W x 2.7m L x 2.4m H Other Capacities— as per design
Body Structure & Composition	Mild Steel Plate, Epoxy base-coated, Industrial Green Painted GI Sheet Housing (with ENCLOSURE model), High Pressure PVC Pipes & Fittings
Filtration System	Micro-Filtration & Ultra-Filtration: GAC on FRP Tanks, Micron Filters on ABS BB Housing, Polyvinyl Chloride Ultrafiltration (PVC UF), Hollow Fiber Membrane 0.01 micron filtration capacity
Pumps	Multi-Stage High Pressure Pumps, Submersible Sewage Pumps
Air-Stripping Blower	High Velocity Mixed Flow Fans with ABS Plastic Housing
Controller	Electro-Magnetic Controller with Digital System Pressure Sensor & Automation
Power Rating	2kw (up to 50cmpd), 4kw (100cmpd), 6kw (200cmpd), 8kw (350cmpd), 10kw (500cmpd), 240v AC, Single Phase, 60 hz
Consumables	Solid Chlorine TCCA 90% (Trichloroisocyanuric acid)

Customers

ULTRAFLOW INDUSTRIAL CORPORATION had served various clients since 2016 from healthcare industries to industrial, institutional, government and commercial establishments:

- **MALLS**

- ATC Courtyard Mall, Sto. Tomas, Batangas

- Hong Enterprises, Naga City
- Emall, Naga City
- Empire Mall, Pasay City

- **SCHOOLS & UNIVERSITIES**

- Our Lady of Fatima University (17 Branches)
- Arellano University – Pasig & Pasay Campus
- School of St. Anthony – Lagro Campus
- APEC School – Imus, Cavite
- Calamba Doctors College, Calamba Laguna
- Dona Aurora A. Quezon Elementary School, Manila

- **HOSPITALS & HEALTH CENTERS**

- Our Lady of Fatima University Medical Center - Valenzuela City
- St. Anthony Hospital – Marikina City
- Candon City Hospital – Candon, Ilocos Sur
- Kidney Center of Tanauan Medical Center, Tanauan, Batangas
- Malvar Kidney Center, Mavar, Batangas
- Tabaco Quarantine Facility, Tabaco, Albay

- **HOTEL & RESORTS**

- Valentinos Hotel, Angeles City
- Blue Lotus Hotel, Legaspi City
- Blue Lotus Hotel, Naga City
- Dayton Hotel, Batangas City
- Innerwoods Resort, Bibirao, Camarines Norte
- Jose Maria Hotel, Tagaytay City

- **INDUSTRIAL & COMMERCIAL ESTABLISHMENTS**

- Dinapigue Mining Corporation, Coastal Area, Sierra Madre Region
- Country Vegefoods Factory, Silang, Cavite
- Bettina Dressing Plant, Pawili, Cam. Sur
- Natalie Chicken Dressing Services, Daraga Albay
- Frabelle Market Corporation, Caloocan City
- 678 Market – Imus Cavite
- Orix Metro, Pasay City
- SCL POZO Siphoning Services, Ligao, Albay
- BIGGS, Concepcion Grande, Naga City
- S. Medalla Building, Araneta Center, Quezon City
- Via Mare Restaurant & Catering, Makati City
- Value Care Health Systems, Meralco Ave., Pasig City

- **RESIDENTIAL CONDOMINIUM**

- One Beverly Place Condo, San Juan City
- Strata Towers, Pasig City
- Strata Towers, Mandaluyong City
- The One, West Ave., Quezon City
- San Lazaro Residences, Sta. Cruz, Manila

- **GOVERNMENT ESTABLISHMENTS**

- New Meycauayan City Hall, Meycauayan Bulacan
- BJMP, Paranaque City
- Dr. Felix T. Reyes Memorial Hospital, Malolos, Bulacan
- Tabaco Quarantine Facility, Tabaco, Albay
- Pioduran District Hospital, Pioduran, Albay
- Candon City Hospital, Candon City, Ilocos Sur
- Dona Aurora A. Quezon Elementary School, Manila

Other Products & Services

For Water Supply and Fire Protection, UIC offers a wide range of pumps for your selection.

FIRE PUMPS

PACKAGED TYPE FIRE PUMP

**VERTICAL
TURBINE**

**FIRE PUMP &
JOCKEY PUMP**

WATER PUMPS

SUBMERSIBLE PUMP

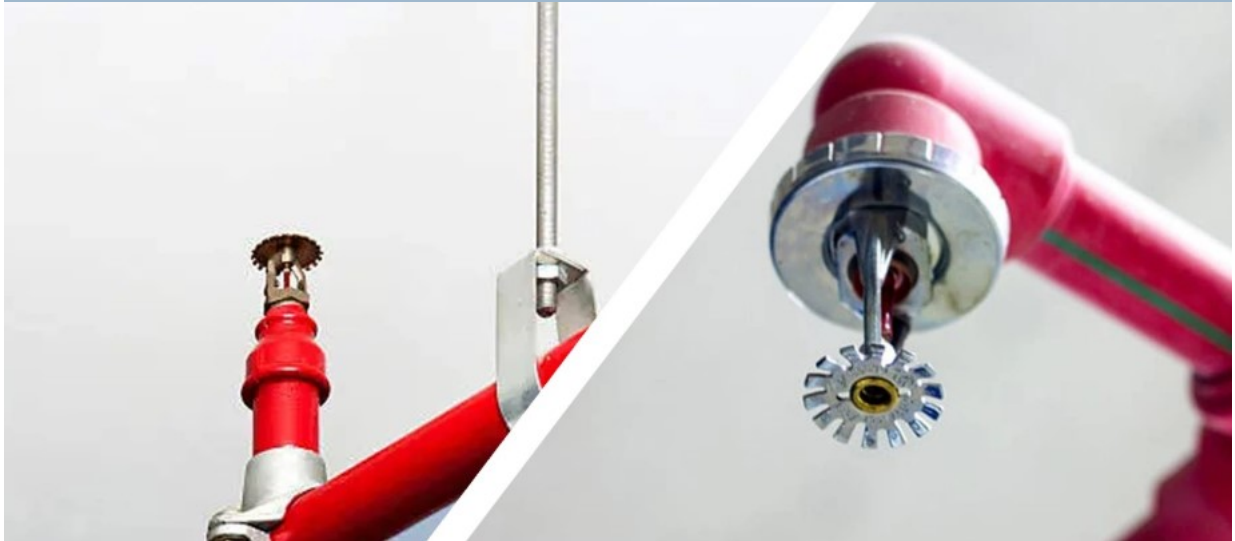

**END SUCTION TYPE
CENTRIFUGAL PUMP**

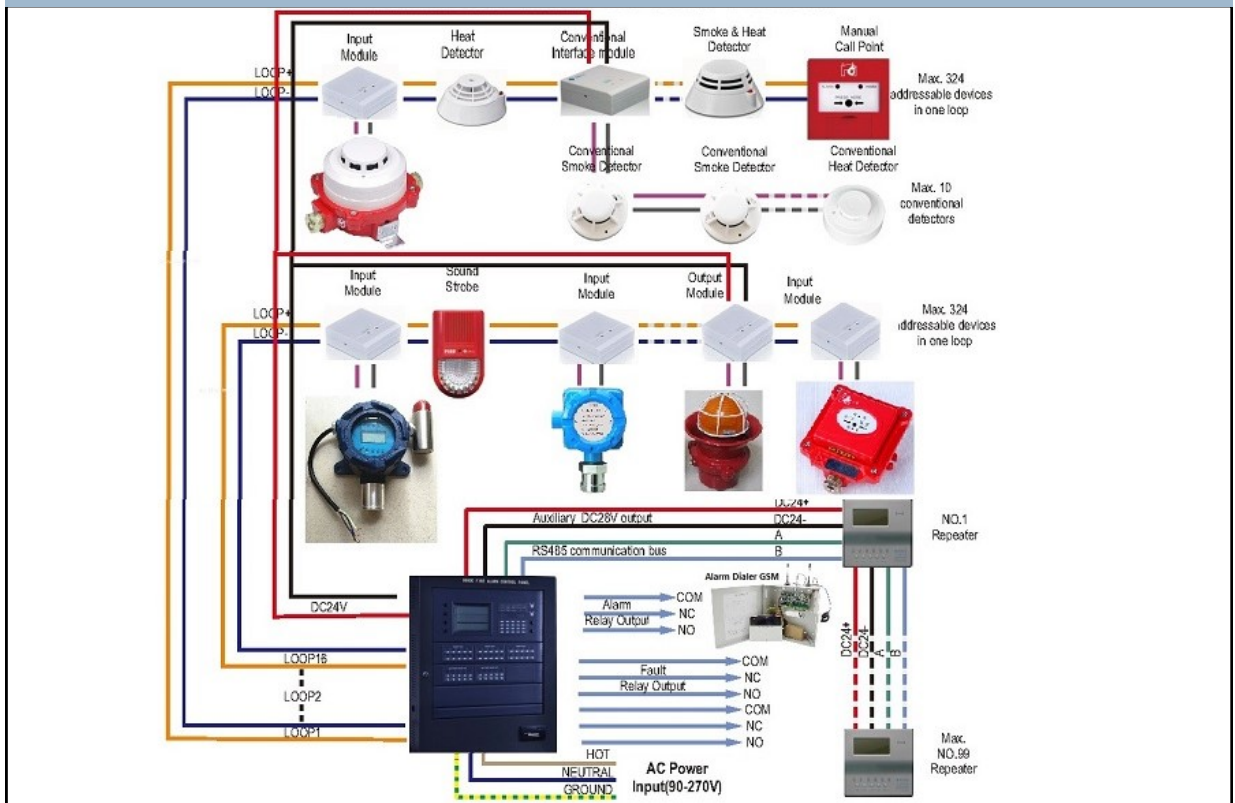

**MULTI-STAGE PUMP &
CONSTANT PRESSURE
SYSTEM**

Other Services

Design & Installation of Automatic Fire Sprinkler System

Design & Installation of Fire Detection & Alarm System
